Subpart A—General

§ 1542.1 Applicability of this part.

This part describes aviation security rules governing:

(b) The operation of airport regularly serving foreign air carrier operations required to be under a security program under part 1546 of this chapter, as described in this part.

(d) Each airport operator that does not have a security program under this part that serves an aircraft operator operating under a security program under part 1544 of this chapter, or a foreign air carrier operating under a security program under part 1546 of this chapter. Such airport operators must comply with § 1542.5(e).

§ 1542.3 Airport security coordinator.

(a) Each airport operator must designate one or more Airport Security Coordinator(s) (ASC) in its security program.

(b) The airport operator must ensure that one or more ASCs:

(1) Serve as the airport operator's primary and immediate contact for security-related activities and communications with TSA. Any individual designated as an ASC may perform other duties in addition to those described in this paragraph (b).

(2) Is available to TSA on a 24-hour basis.

(3) Review with sufficient frequency all security-related functions to ensure that all are effective and in compliance with this part, its security program, and applicable Security Directives.

The airport operator must maintain ASC training documentation until at least 180 days after the withdrawal of an individual's designation as an ASC.

(d) An individual's satisfactory completion of initial ASC training required under paragraph (c) of this section satisfies that requirement for all future ASC designations for that individual, except for site specific information, unless there has been a two or more year break in service as an active and designated ASC.

(d) At the request of TSA and upon the completion of SIDA training as required in a security program, each airport operator promptly must issue to TSA personnel access and identification media to provide TSA personnel with unescorted access to, and movement within, secured areas, AOA's, and SIDA's.

(e) TSA may enter and be present at an airport that does not have a security program under this part, without
